

**CISCO NETWORKING ACADEMY, DUET**  
(A Local Networking Academy Authorized by CISCO)

Organized by

Department of Computer Science and Engineering (CSE)  
DHAKA UNIVERSITY OF ENGINEERING & TECHNOLOGY (DUET), GAZIPUR

**Call for Participants (CCNAv7: CCNA-I, CCNA-II and CCNA-III) Batch # 104**

**CISCO CERTIFIED NETWORK ASSOCIATE (CCNA) COURSE**

**1. CISCO Networking Academy & It's Objective**

The CISCO Networking Academy, DUET is a CISCO certified local academy. Since 2005, the academy has been conducting the CCNA courses by its CISCO certified instructors. In recent years, thousands of networking professionals in Bangladesh and in global world need the skills to build, design, and maintain computer networks. The CCNA courses will help the students to prepare for industry recognized certifications and entry-level ICT careers acquiring 21st-century skills.

**2. CCNA Courses Outline (Latest Version)**

- CCNA-I:** Introduction to Networks
- CCNA-II:** Switching, Routing and Wireless Essentials
- CCNA-III:** Enterprise Networking, Security and Automation

**3. Who are Eligible Participants?**

A participant must be passed in H.S.C. and/or enrolled in an IT related B.Sc. / Diploma (CSE, CIT, EEE, ECE etc.) of any University/Institute. ICT Service-holders or Enthusiasts in computer networking or telecommunication job can potentially participate in CCNA courses.
